## The Agency

#### Department of Children, Youth, and Families

#### **Agency Operations**

The Department of Children, Youth and Families is charged to mobilize the human, physical, and financial resources available to plan, develop, implement, and evaluate a comprehensive and integrated statewide program of services designed to ensure the opportunity for children to reach their full potential.

It is the department's philosophy that parents have the primary responsibility for meeting the needs of their children. When parents are unable to do so, all services to the child and family are premised upon the safety and best interest of the child and the promotion of community-based responsibility/involvement in servicing its own children/families. When departmental support is necessary and appropriate, services are provided in the least intrusive, least restrictive manner possible.

The department addresses its responsibilities through its Child Welfare, Children's Behavioral Health and Education, Juvenile Correctional Services, and Higher Education Incentive Grant Programs, which are guided and assisted by a leadership support program identified as Central Management.

The Child Welfare Program consists of child protective investigations, community-based services, and residential services delivered to dependent, neglected or abused children, or children at risk of abuse or neglect.

The Children's Behavioral Health and Education Program designs, implements, and monitors a continuum of therapeutic services to seriously emotionally disturbed children and youth.

The Juvenile Correctional Services Program provides services to youngsters who have been adjudicated as wayward or delinquent by the Family Court and determined to be in need of placement at the Training School for Youth, placement in a less structured community residential setting, or supervision in the community while residing at home.

The Higher Education Incentive Grant is designed to encourage youth to pursue educational goals beyond high school and to provide added incentive to achieve a high school diploma.

#### **Statutory History**

In 1979, the General Assembly enacted Title 42 Chapter 72 of the Rhode Island General Laws. This legislation created the Department for Children and Their Families effective January 1, 1980. The enabling legislation transferred to the department certain functions from the Departments of Human Services, Corrections, Mental Health, Retardation and Hospitals, and Community Affairs. In 1991, the General Assembly amended Title 42 Chapter 72 to read "Department of Children, Youth, and Families."

### Department of Children, Youth, and Families Central Management

#### **Program Operations**

The Central Management Program consists of a variety of sub-programs including executive functions and legal and administrative services.

The executive functions include administrative and operational direction, planning, management, and evaluation of overall departmental operations.

Administrative services include financial management, personnel, staff development and training, management information systems, and licensing and regulation. A centralized on-line database system, the Statewide Automated Child Welfare Information System (SACWIS), supports all investigatory and case management functions of the department and other critical administrative functions.

Legal services includes departmental representation in all Family Court proceedings relating to child abuse and neglect, commitment trials and termination of parental rights trials, as well as, civil litigation in other state and federal courts, and administrative and labor tribunals. This service also provides on-going legal consultation to the Director, administrators, and line staff involved in Family Court proceedings.

#### **Program Objectives**

Provide leadership and direction in the development and implementation of an efficient and productive system of service delivery to Rhode Island's children and families.

Provide consistent legal representation and consultation to all departmental staff involved in court proceedings.

Provide comprehensive, integrated management services to assure fiscal integrity and accurate data collection and interpretation.

#### **Statutory History**

Title 42 Chapter 72 of the Rhode Island General Laws defines the functions of the Department of Children, Youth, and Families.

## Department of Children, Youth, and Families Children's Behavioral Health Services

#### **Program Operations**

The Children's Behavioral Health and Education Services Program is primarily responsible for the design, implementation, and monitoring of a continuum of therapeutic services to seriously emotionally disturbed children, youth, and families. Children placed in the custody of the department due to abuse, neglect or dependency, as well as, children in the custody of their parents or legal guardians are eligible for these services. Most of these services, with the exception of psychiatric hospitalization, are provided by non-profit agencies and delivered in community-based settings. Coordination and local planning is facilitated through the Child and Adolescent Services System (Project/CASSP), which sponsors a Local Coordinating Council (LCC) representing all children/youth and serving agencies within each region of the State. Each LCC supports planning teams which coordinate children's behavioral health services and provides funding for non-traditional services on a case-by-case basis. Children's Intensive Services provides a comprehensive array of community-based mental health services designed to reduce the need for inpatient care and to support severely emotionally disturbed children and their families in community settings.

Project HOPE, an extension of the CASSP/LCC system of care, was a federally funded program until September of 2005. This statewide initiative that serves youth, who have serious emotional disturbances and are transitioning from the Rhode Island Training School for Youth (RITS) back to their own communities, is now state funded. A full range of project services including mental health services, case management, vocational training, family service coordinating and wrap-around are available in the four catchment areas of Providence, Pawtucket/Central Falls, Northern Rhode Island and Kent County.

In addition, the division is partnering with Contracts and Program Development and the community mental health centers, in convening Care Management Teams. These teams, composed of DCYF staff, community partners, and parents, utilize the continuum of resources from community-based to residential treatment services in planning for the least-restrictive appropriate level of care for children with serious treatment needs.

#### **Program Objectives**

Design and implement a comprehensive array of therapeutic services to meet the needs of seriously emotionally disturbed children and youth; expand and enhance the capacity of local communities and regions to meet these needs within their geographic areas; provide services in the least restrictive environment utilizing inpatient psychiatric care and residential treatment only until a child can return to a community-based service.

#### **Statutory History**

Title 42 Chapter 72 of the Rhode Island General Law defines the functions of the Department of Children, Youth and Families; Title 40.1 Chapter 5 describes the provisions relating to mental health laws. The act creating the LCC sub-program was 98-H-8122, Substitute A.

### Department of Children, Youth, and Families Juvenile Correctional Services

#### **Program Operations**

The Juvenile Correctional Services Program consists of three sub-programs providing varying levels of service to wayward and delinquent youngsters.

Institutional programming is conducted at the Rhode Island Training School for Youth. The facility provides a secure, structured residential program for adjudicated delinquents and those awaiting trial on serious offenses. Residents undergo an assessment at intake into the facility and are programmed accordingly. Services include case management, education, recreation, and a selection of contracted or purchased services (e.g. medical, drug and alcohol counseling, violent offender/sex offender therapy).

Community-based programming (Probation and Parole) includes both residential and non-residential services. Non-residential services are provided directly by departmental staff as well as through purchase of services or contracts. Community-based residential services are available for adjudicated youngsters who require residential care but not a setting as secure and structured as the Training School. These services are provided via contractual and purchase of service arrangements.

Educational services are provided to all Rhode Island Training School residents, both detained and adjudicated. Residents are grouped by academic levels and/or individual education plan specifications. The services adhere to all Rhode Island Department of Education regulations.

#### **Program Objectives**

Provide secure and structured residential programming for adjudicated juvenile offenders and those awaiting trial.

Increase the use of community-based programming thereby limiting the need for long-term placement in the Training School.

#### **Statutory History**

Title 42 Chapter 72 of the Rhode Island General Laws defines the functions of the Department of Children, Youth, and Families; Title 42 Chapter 56 provides for the Training School for Youth; Title 14 Chapter 1 relates to the power of the court to order disposition of a juvenile.

### Department of Children, Youth, and Families Child Welfare

#### **Program Operations**

The Child Welfare Program consists of several major sub-programs including Child Protective Services, Family Services, Community-Based Services, and Residential Services.

Child Protective Services is responsible for receiving and investigating allegations of child abuse/ neglect throughout Rhode Island. This division operates 24-hours a day, seven days a week. When allegations of abuse or neglect are substantiated, the investigator must determine what actions are necessary in order to assure the safety and well being of the child. Sometimes it is necessary to remove a child from the home, but much more frequently services are provided to the child and family in order to bring the family to a higher level of functioning. Sometimes these services are provided by department social workers who operate out of one of four regional offices and sometimes by private, non-profit community agencies.

When a child requires out of home care, every effort is made to place him/her with relatives or others known to him/her. When a child requires a level of care beyond foster care, there is an array of services available from community-based group homes to intensive residential treatment.

The department also supports prevention and early intervention programs to address the issues and problems which lead to child abuse/neglect and to provide services so that family functioning does not deteriorate to a point where DCYF intervention becomes necessary.

#### **Program Objectives**

Protect children through the timely investigation of child abuse and neglect complaints.

Maintain the family unit when possible through the provision of services, which improves family functioning.

Aggressively pursue permanency through the provision of reunification and adoption services for children who have to be removed from their home.

#### **Statutory History**

Title 42 Chapter 72 of the Rhode Island General Laws defines the functions of the Department of Children, Youth, and Families; Title 40 Chapter 11 relates to abused and neglected children; Title 14 Chapter 1 relates to proceedings in Family Court.

### Department of Children, Youth, and Families Higher Education Incentive Grants

#### **Program Operations**

The Department of Children, Youth, and Families is responsible for assisting older youth under its care and custody to become self-sufficient and be prepared for transition to independence.

One important means of assisting youth in becoming independent is to encourage education to the highest degree possible. Higher Education Incentive Grants have as their purpose to provide added incentive to achieve a high school diploma and to encourage youth to pursue educational goals beyond high school.

#### **Program Objectives**

The main objective is to encourage and assist more youngsters in departmental care to consider and perceive higher education as a viable option, and to allow them the same opportunities that are afforded youth from other families.

#### **Statutory History**

Chapter 511, PL 99-S 282, Substitute A amended Section 1, Title 42 provides funds to supplement financial aid to youth who are in the department's custody and who have been accepted at the University of Rhode Island, Community College of Rhode Island, or Rhode Island College to allow these students to pay essential educational costs without loans.
