## The

## Program

## Department Of Administration Central Management

## Program Mission

To oversee the provision of statewide supportive services to all departments and agencies in conformance with legislative and policy mandates.

To ensure that programs of the department are efficiently organized and implemented.
To select the best candidates for recommendation for appointment to the Judiciary.
To manage the implemenation of large-scale information technology projects.

## Program Description

Central Management is comprised of four major functions: the Director's Office, the Central Business Office, the Office of Digital Excellence, and the Judicial Nominating Commission.

The Director's Office provides for the overall operation of the department and provides assistance with all Executive Branch Agencies. Primary functions include: Operations, Human Resources, Information technology, Legal Assistance, and Financial Administration. They also provide administrative assistance to the Office of the Governor.

The Central Business Office provides financial management assistance in the areas of budgeting, financial management, accounting, and reporting to divisions within the Department of Administration and the Department of Revenue to ensure maximum use of state and federal resources.

The Judicial Nominating Commission was created by statute to recommend highly qualified candidates to the Governor to fill vacancies in the Rhode Island judiciary. Pursuant to R.I.G.L. 8-16.1, the commission is required by statute to advertise for each judicial vacancy and to actively seek and encourage applications from qualified individuals who will reflect the diversity of the community they will serve.

The Chief Digital Officer and staff manage the implementation of all new and mission critical technology infrastructure projects, including upgrades for other state agencies. The Division of Information Technology (DolT) continues to manage and support day-to-day operations of the State's technology infrastructure, telecommunications, and associated applications.

## Statutory History

The central management and legal mandates of the Department of Administration are outlined in R.I.G.L. 42-11-2. The Judicial Nominating Commission was created by R.I.G.L. 8-16.1, which also outlines the criteria for the selection of qualified judicial nominees. For FY 2013, the Office of Digital Excellence was transferred from the General Program to the Central Management Program.

## The

## Program

## Department Of Administration Purchasing

## Program Mission

To obtain goods and services for public purposes in the most cost-effective manner possible and ensure that all procurements are made with care, integrity and a sense of responsibility to the taxpayers of Rhode Island.

To assure that user agencies obtain goods and services in a quick and cost-effective manner without sacrificing quality and standards.

To establish and enforce rules, regulations, policies and procedures for the implementation of all laws and ethical standards relating to purchasing activities.

To determine purchasing and contract controversies, subject to the oversight of the Chief Purchasing Officer.
To improve, through ongoing evaluation, the effectiveness and efficiency of the procurement system.
To ensure public access to appropriate information by expanding the applications of the Rhode Island Vendor Information Program to enhance transparency.

To ensure the fullest participation of women and minority business enterprises in state-funded and directed construction programs and projects and state purchases of goods and services.

## Program Description

The Purchasing program is composed of five major functions: procurement, operational support services, standards and specifications development and management, vendor information and minority business. Procurement solicits bids or requests for proposal and requests for quotes for services and supplies, support price negotiations and implements affirmative action programs. Operational support services includes purchase order production and record keeping, bid preparation and opening, requisition tracking, and vendor files. Standards and Specifications works with agency representatives to develop statewide standard specifications for goods and services to be solicited. The Vendor Information Program is an electronic system for registering potential bidders and providing bid and other information to vendors and the general public.

## Statutory History

The Purchasing program was established under R.I.G.L. 42-11-2. Operation of the state-purchasing program is set forth in R.I.G.L. 37-2. This section was established by public law in 1939 until its repeal in 1989, when House Bill 89-H-5000 Substitute A, as amended (known as the "Lamb Legislation"), an Act Relating to State Purchases, was enacted. This act established new language to institute legal mandates based on the Model Procurement Act published by the American Bar Association. The major thrust of the legislation was the creation of a framework for enhanced opportunities for competitive procurement and increased accountability for state officials through the centralization of purchasing functions for state agencies. R.I.G.L. 37-2-17.2 requires the institution of an electronic Vendor Information Program.

In 2011, the General Assembly enacted Senate Bill S-864 Substitute A as amended, which provides that, beginning January 1, 2014, all bid proposals for "public works projects" are required to include a copy "to be available for public inspection upon the opening of the bids." Any bid porposal that does not include a copy for public inspection shall be deemed to be non-responsive. R.I.G.L. 37-2-18(b) and (j).

## Department Of Administration Planning

## Program Mission

To administer technical and financial assistance to and supervise selected activities of cities and towns in organization, planning, and management; to prepare, maintain, and encourage implementation of strategic plans and the State Guide Plan; to coordinate activities among state agencies, political subdivisions and private partners pertaining to housing, community development, and economic development; and to adopt policies and administer programs designed to address State and local community development needs, including the need for adequate safe and affordable housing.

## Program Description

The Division of Planning is comprised of four subprograms: Statewide Planning, Strategic Planning and Economic Development, Housing \& Community Development, and the Water Resources Board.

Statewide Planning is responsible for preparing, adopting, and amending strategic plans for the physical, economic, and social development of the state. It also includes the State Planning Council, which is comprised of state and local government officials, public members, and federal officials in an advisory capacity and serves as the State's Metropolitan Planning Organization responsible for the planning and prioritizing of state and federal transportation funding.

Strategic Planning and Economic Development is involved in all major interest areas using policy analysis and the planning process to prepare issue briefs and draft strategic plans that address current topics of special interest. It also is responsible for the development of the Comprehensive Economic Development Strategy (CEDS) and receives support from the federal Economic Development Administration.

Housing and Community Development is comprised of the Housing Resources Commission (HRC) and the Office of Community Development, which administers the federal Community Development Block (CDBG) Grant and related programs. The HRC provides opportunities for healthy and affordable housing through production, lead hazard mitigation and the coordination of the homeless system and implementation of the state's plan to end homelessness. The HRC is responsible for the disbursement of a new rental assistance program, which will provide housing to homeless individuals and families by non-profit homeless service providers.

The Water Resources Board (WRB) is the State's water supply agency responsible for the proper use, development, protection and conservation of the State's water resources. The WRB manages the planning and development of the twenty nine major water supply systems and manages the Big River Management Area, the State's primary water resource reservation area. The WRB also performs scientific research and capital projects required to fulfill its mission.

## Rhode Island Health Benefits Exchange

## Program Mission

The Rhode Island Health Benefits Exchange, which has recently been rebranded HealthSource RI, will serve two important purposes. First, to negotiate for high quality, affordable health insurance options on behalf of small businesses and individuals (in order to promote the health of all Rhode Islanders). Second, to be a robust resource for all Rhode Islanders and Rhode Island businesses to learn about and compare the quality and affordability of their health insurance options, enroll in coverage and, if eligible, access Medicaid or federal tax subsidies for coverage.

## Program Description

HealthSource RI seeks to improve the health of Rhode Islanders by adhering to its mission statement and fulfilling its statutory charge to carry out the requirements of the federal Affordable Care Act ("ACA" or known as "Obamacare"). The following are key programmatic components considered by the Exchange to best exemplify the goals and values of the organization:

1. The Exchange will be a place to compare and buy health insurance.
2.The Exchange will work closely with small employers to provide new and beneficial health insurance options.
3.The Exchange will be a reliable and trusted source of healthcare information for all constituents.

## Statutory History

The Patient Protection and Affordable Care Act (Pub. Law 111-148) (the "ACA") provides for the establishment of a Health Benefits Exchange by each State. The Rhode Island Health Benefits Exchange was established on September 19, 2011 by Executive Order 11-09. This Executive Order both transferred the functions of an existing state fund known as the Health Resources Development Fund (the Fund) from the Department of Health to the Executive Office and provided for the development of a division within the Executive Office known as the Rhode Island Health Benefits Exchange (RIHBE), now known as "HealthSource RI," to administer the fund.

Executive Order 11-09 requires the RIHBE, at a minimum, to carry out the functions and responsibilities to create Health Benefits Exchange pursuant to section 1311 of the ACA and also stipulates that the Fund, consistent with RIGL 42-62-17, shall receive funds from insurers or other entities including the federal Department of Health and Human Services ("HHS").

Since its creation, the RIHBE division has subsequently been transferred from the Executive Office to the Department of Administration (DOA). This transfer was facilitated through the legislative budget process.

The mission of the State Equal Opportunity Office is to ensure equal opportunity compliance for all units of Rhode Island state government, as set forth by all federal agencies and Rhode Island General Laws.

The mission of the MBE compliance Office is to ensure the fullest possible participation of MBEs and Disadvantaged Business Enterprises (DBE) in state- and federally-funded and directed programs, construction projects, professional contracts, and in the purchases of all goods and services.

The mission of the Outreach and Diversity office is to create a culture that values a diverse workforce, promotes an inclusive workplace and provides quality customer service to all.

## Program Description

The Office of Diversity, Equity and Opportunity will include a Chief Diversity and Equity Officer (CDEO), a senior-level leadership position to promote coordination between the State Equal Opportunity Office, the Outreach and Diversity Officer, the Minority Business Enterprise (MBE) Compliance Office, and all state agencies. The Office of Diversity, Equity and Opportunity will work in partnership with the Division of Human Resources, the Division of Purchases, and with all state agencies on the state's equal opportunity, affirmative action, and MBE procurement goals.

The State Equal Opportunity Office is charged with providing training and technical assistance as may be requested by any company doing business in Rhode Island and all state departments as is necessary to comply with the intent of Rhode Island General Laws Chapter 8-5.1-1. The State Equal Opportunity Office is also charged with issuing any guidelines, directives or instructions necessary to effectuate its responsibilities under this chapter, and to investigate possible discrimination, hold hearings, and direct corrective action to said discrimination. The goals of the MBE Compliance Office are to increase the number of MBEs and DBEs available for contract competition, to maximize opportunity for business participation by MBEs and DBEs, and to stimulate MBE and BE development and growth. The Outreach and Diversity Office offers diversity training to state employees and provides outreach to assist in recruiting and retaining a talented and diverse workforce.

## Statutory History

On May 9, 2013, Governor Lincoln D. Chafee issued Executive Order 130-05 entitled "Promotion of Diversity, Equal Opportunity and Minority Business Enterprises in Rhode Island." The Executive Order required the Director of the Department of Administration to review all divisions and offices within Department charged with facilitation equal opportunity employment and MBE's, including, but not limited to, the Division of Human Resources, the State Equal Opportunity Office, the Human Resources Outreach and Diversity Office, the Division of Purchases, and the MBE Program, and to make recommendation to the Governor to improve collaboration between these offices and all executive departments to ensure these programs are more effective. The recommendations were required to encourage measures of quality and accountability in equal opportunity and affirmative action hiring and MBE procurement as allowed by law. The Department of Administration's recommendation included the creation of the Office of Diversity, Equity and Opportunity.

## The

## Program

## Department Of Administration General

## Program Mission

The mission is to maintain a statewide accounting for all expenditures, which are not allocated to other state departments or agencies and not specific to any one program within the Department of Administration.

## Program Description

The General program reflects funds appropriated to finance expenditures not allocated to other state departments or agencies and not specific to any one program within the Department of Administration.

Grants and benefits reflect grants made to certain organizations and funds provided to certain entities, which are appropriated by the legislature. This includes grants made to the Rhode Island Economic Development Corporation, the I-195 Redevelopment District Commission, the Slater Centers of Excellence, and the RI Research Alliance.

Special legislative appropriations are initially the result of the passage of legislation which is not part of the annual appropriation act. Tort claims and court awards are paid pursuant to R.I.G.L. 9-31, which provides that "the general assembly may make such appropriations as it shall deem proper in payment of or settlement of claims against the state, provided, however, that there is hereby appropriated any money in the treasury not otherwise appropriated a sum sufficient to pay claims against the state, settled pursuant to the provisions of the chapter and the state controller is hereby authorized and directed to draw his orders upon the general treasurer for the payment of said sums."

Motion pictures and television play a significant role in the cultural life of the state. Film and TV has grown during the past several decades into an important art form, and film and TV on the national and international level is a formidable economic engine. The Rhode Island Film \& Television Office reinforces state support for these art forms, enhances the attractiveness of the state to national and international productions, and facilitates economic progress for the state.

## Statutory History

The existence of "General" has no statutory basis, but rather reflects a combination of appropriations which support various expenditures not allocated to other state agencies. The authority for payment of tort claims was enacted in 1970 and is described in R.I.G.L. 9-31. The Rhode Island Film and Television Office was created through R.I.G.L. 44-31.2 (9).

## Department Of Administration Personnel Reform

## Program Mission

To address funding requirements associated with personnel or pension-related reforms.

## Program Description

State law requires that whenever the actuarially determined state contribution for state employees and teachers is lower than that for the prior fiscal year, the Governor shall apply twenty percent of the rate reduction to reducing the actuarially accrued liability. The FY 2013 retirement rates determined by the Retirement Board's actuary were lower than the final rates for FY 2012 and thus the FY 2013 Appropriations Act included the funding necessary to make this contribution to the pension fund.

## Statutory History

R.I.G.L. 36-10-2(e) establishes the requirement for this transfer.

## Department Of Administration Salary/Benefit Adjustments

## Program Mission

Achieve savings through adjustments to the salary and/or benefit structures of state employees.

## Program Description

The FY 2014 Governor's recommended budget includes proposed savings from the transition of seasonal and part-time employees that are not members of the Employees Retirement System of Rhode Island to a FICA Alternative Retirement Plan (FARP). The federal Omnibus Budget Reconciliation Act of 1990 permits implementation of these plans for this class of employee who are not covered by an alternative pension plan.

A FARP is an alternative retirement plan that replaces Social Security for seasonal, part-time, and temporary employees. Employees that select this plan will cease their contributions to FICA and instead contribute 7.65 percent of their compensation on a pre-tax basis to a 401(a) account. The employee's contributions and interest are available upon termination of employment, in the event of death or disability, or at normal retirement age.

## Statutory History

Enacted as part of the FY 2014 Appropriation Act.

## The

## Program

## Department Of Administration Internal Service Programs

## Program Mission

To provide the most cost-effective delivery of goods and services to other state programs.

## Program Description

Various services needed by state-operated programs and activities are provided on a centralized basis. The costs of these operations are borne by the user agencies through a charge system that allocates the cost of delivery of the goods or services. The operational expenses of these programs are shown for display purposes only, since the costs to state agencies are reflected in the budget of the user agency both on an actual and budget basis.

Internal service programs that are operated by the Department of Administration include telecommunications services, mail services, utility services, automotive services (repair and replacement), and the assessed fringe benefit fund.

The telecommunications office manages all voice grade telephone line installations, service changes and billing statewide, and provides direct services both internally to government and to the public. Central mail services provides for inter-agency mail delivery and processing of United States mail for most state agencies.

Central utilities provides for the administration and fiscal management of electricity and gas services. State fleet provides for the administration and fiscal management of the state-owned vehicles, and operates several fuel depots throughout the state.

The Assessed Fringe Benefit Fund provides funding for state employee workers' compensation, severance pay, unemployment pay and employee assistance programs. Funds are raised through an assessment on payroll expenses of all state departments and agencies.

A dedicated trust has been set up to fund the liability related to Other Post Employment Benefits (OPEB) on an actuarial basis. An example of OPEB benefits include retiree medical, dental, prescription, and other similar post employment benefits for retired employees and their dependants. In accordance with Rhode Island General Law Section 36-12.1-5, the trust began operations in fiscal year 2011.

## Statutory History

The Director of Administration is authorized by R.I.G.L. 35-5 to establish a system of rotary or rotating funds in any state department or agency. R.I.G.L. 36-12.1-5 established the OPEB trust.
