

State of Rhode Island and Providence Plantations

Budget

Fiscal Year 2009

Donald L. Carcieri, Governor

The Agency

Office of the Mental Health Advocate

Agency Operations

The Office of the Mental Health Advocate is directed by statute to ensure the legal, civil, and special rights of people with mental illness in Rhode Island. This includes providing legal representation at involuntary commitment proceedings, monitoring procedures and policies at in-patient treatment facilities and community-based mental health programs, proposing and evaluating legislation, and litigating civil rights and treatment rights disputes. The Office also provides counsels to clients of the mental health system who bring complaints involving mental health issues and other issues vital to maintaining quality of life, such as housing and protection from creditors. The Office is also charged to protect the treatment rights of criminally insane persons and prison inmates in the forensic hospital (patients who are under criminal process) and to provide legal representation for indigent persons receiving in-patient substance abuse treatment.

Agency Objectives

Involuntary Commitment - To protect the liberty interests and treatment rights of individuals subjected to involuntary commitment and to the involuntary administration of medication in psychiatric facilities, including penal inmates.

Direct Representation and Referral of Clients of the Mental Health System - To protect the legal rights of clients of the mental health system by means of direct legal representation and/or referral to appropriate resources.

Advocacy for Improvements in the Mental Health System – To monitor and evaluate the quality of services available to clients of the mental health system, and to investigate incidents. To address shortcomings and gaps in the services and programs administered by the mental health providers.

Elimination of Stigma Associated with Mental Illness – To address stigmatizing legal inequities and social barriers that impact upon the lives of individuals with mental illness by means of legislative advocacy, litigation, education, support for the mental health consumer movement, and outreach to the public at large.

Statutory History

The Office of the Mental Health Advocate was created in 1975 when the legislature re-wrote and reformed the Mental Health Law of Rhode Island. This reform was part of a national movement toward deinstitutionalization of mentally ill individuals, a movement which began in the 1950's and became a centerpiece of public policy in the 1970's after the United States Supreme Court declared that all states must provide Constitutional Due Process and legal counsel to individuals subjected to involuntary hospitalization. The original statute authorizing the Mental Health Advocate is codified at RI General Laws, Sections 40.1-5-13, 40.1-5-22 and 24 (Public Laws 1974, Ch. 119).
