## Department of Public Safety E-911 Emergency Telephone System

---

### Program Operations

E-911 Emergency Telephone System operates a 24-hour, statewide Public Safety Answering Point (PSAP), which receives wireline and wireless 9-1-1 calls, and then transfers them to the appropriate public safety response agency in the caller's area, whether it be police, fire, or rescue. The agency's operations are funded from general revenues and restricted receipt revenues. The general revenue expenditures are backed by a \$1.00 per month surcharge on wireline and wireless telephone subscribers. Effective July 1, 2004, an additional \$0.26 surcharge was levied on wireless subscribers to fund the costs of the Geographic Information System (GIS) database, improve system redundancy, and maintain state-of-the-art technology in the PSAP.

The agency is equipped with sophisticated telephone answering equipment, computers, and software, which are operated by trained 9-1-1 telecommunicators. When a telecommunicator receives a 9-1-1 call from a wireline telephone caller, the equipment displays the caller's street address, telephone number, and map displaying the location of the call. The agency is acquiring additional location capabilities using GIS mapping and other data being collected on a community-by-community basis, as funding becomes available. To date, 19 communities have been coded and 8 more are scheduled for completion in FY 2007. Until the GIS data development project is completed, the agency must rely on voice communication with the wireless caller, supplemented by some limited location information provided by the wireless carriers under Federal Communications Commission requirements. Approximately 62 percent of the 562,517 calls received by the agency in calendar year 2006 were from wireless phones.

### Program Objectives

The agency's objective is to maintain a statewide emergency telephone system providing prompt transfers of emergency 9-1-1 calls to the appropriate responding public safety and rescue agencies utilizing call location technology.

### Statutory History

In 1984, the 9-1-1 Uniform Emergency Telephone System was established under Title 39, Chapter 21. In 1996, the system became an agency within the Executive Department. The agency was originally funded by a surcharge on wireline telephone subscribers set at \$0.42 per month by the Public Utilities Commission. The surcharge was subsequently changed to \$0.47 by the General Assembly. All proceeds of the wireline surcharge were originally placed in a restricted receipt account for the exclusive use of the system. In 1997, the monthly subscriber surcharge was applied to wireless telephone subscribers, with the proceeds directed to the General Fund. In 2000, both wireline and wireless surcharge proceeds were directed to the General Fund, from which the agency's annual operating expenses have been funded from general revenue appropriations. In July 2002, the wireline and wireless surcharges were raised to \$1.00 per month. In July 2004, a new \$0.26 wireless GIS and Technology Fund surcharge was created. Statutory references for the agency are Title 39, Chapters 21 and 21.1.

## Department of Public Safety State Police

---

### Program Operations

The Rhode Island State Police (RISP) ensures citizens an increased level of safety and security through a professional uniformed and investigative law enforcement agency having statewide jurisdiction. The agency is organized into three divisions: the Patrol Division, the Detective Division, and Central Management.

The Patrol Division prevents crime and investigates criminal and noncriminal activities. The division establishes highway safety through enforcement of motor vehicle laws with emphasis on hazardous moving violations, i.e. drunk driving and speeding.

The Detective Division is the primary investigative unit. It assists the Attorney General's Office in investigating organized crime and white collar crime, and provides support to police agencies throughout the State. It is composed of several bureaus: the Area Detectives, the Intelligence Bureau, the Narcotics Bureau, the Auto Theft Unit, the Bureau of Criminal Identification, a Financial Crimes Unit, and a Major Crimes Unit. Further, the RISP assumed control of the Judicial Branch's Warrant Squad to consolidate statewide operations in the apprehension of fugitives.

The Central Management Division consists of the Command Officers, the Inspection Division, the Training Academy, Planning and Research, the Business/Supply Office, and a Communications section. The Communications and Technology Unit supports all users of its local and wide area networks, microwave and radio systems, and electronic surveillance and communications equipment located in the agency's fleet. The State Police retirement costs are entirely funded through the annual general fund appropriation, including widow and disability pensions, cost of living adjustments and health insurance benefits.

### Program Objectives

To recruit and train troopers who are diverse in race, culture, and ethnicity; to operate a full-time highway enforcement program to combat motor vehicle accidents and highway fatalities; to provide the most efficient investigative and support services to other state agencies and municipal law enforcement agencies to combat complex and serious crimes; to maintain a cyber crime specialized unit; to continually upgrade radio and microwave communication and investigative equipment to the state of the art level; to maintain national accreditation; and to increase public awareness of the Rhode Island State Police mission.

### Statutory History

R.I.G.L. 42-28 established the Rhode Island State Police in 1925. Sections 1 through 20 include organization, membership, duty, salary, equipment, and legal requirements; Sections 21 through 33 include retirement, training and appropriation requirements; and Sections 34 through 46 include special units, public accident reports and special crime systems.

## Department of Public Safety Public Safety Grant Administration Office

---

### Program Operations

The Public Safety Grant Administration Office (PSGAO), formerly the Rhode Island Justice Commission (RIJC), develops comprehensive planning and programming for improving the state criminal justice system's overall response to crime issues. The RIJC was established in 1969 to improve the effectiveness and efficiency of system-wide criminal justice responses to the problem of crime. The commission pursues a variety of activities authorized by statute and executive designation. The support of these efforts is primarily obtained through the following federal grants: The Edward Byrne Memorial Justice Assistance Grant Program; the Juvenile Justice Formula, Block and other related grants; the Victims of Crime Act Assistance Formula Grant; the S.T.O.P. Violence Against Women Act Formula Grant and other related grants; the Residential Substance Abuse Treatment for State Prisoners Grant; the National Criminal Histories Improvement Grant Program; the Statistical Analysis Center Grant; the National Forensic Sciences Improvement Act Program; Project Safe Neighborhoods, and other appropriate discretionary grant programs. In addition, the RIJC administers the state Neighborhood Crime Prevention Act Grant program.

The agency's primary responsibility is to plan and apply for, receive and administer federal grant programs. It is most common that the PSGAO makes over 200 grants/sub-grants annually in the average amount of approximately six million dollars.

### Program Objectives

To coordinate and implement a statewide integrated computerized Criminal Justice Information System, called the Justice Link Public Safety Network.

To continue comprehensive/specialized planning and grantsmanship efforts in support of the justice/criminal justice systems present and future.

To ensure that projects receiving funding utilize their funds consistent with federal and state grant regulations.

To initiate and support programs designed to impact crime and/or improve the criminal and juvenile justice system. To continue to produce studies/reports describing the status of particular crime problems.

To perform detailed monitoring, evaluation, and analysis.

### Statutory History

In 1969, Title 42, Chapter 62 of the Rhode Island General Laws established the Rhode Island Justice Commission as a state criminal justice agency. The legal re-authorization can be found in the state's General Laws, specifically Chapter 26, Sections 42-26.1 through 42-26-13 and 42-26-17.

## **Department of Public Safety Internal Service Program**

---

### **Program Operations**

Various services needed by state operated programs and activities are provided on a centralized basis. The costs of these operations are borne by the user agencies through a charge system that allocates the cost of delivery of the goods or services. The operational expenses of these programs are shown for display purposes only, since the costs to state agencies are reflected in the budget of the user agency both on an actual and budget basis.

The Internal service program that is operated by the Department of Public Safety is the Capitol Police Rotary.

This Capitol Police Rotary provide security services to seven different agencies throughout the state of Rhode Island.

### **Program Objectives**

To provide the most cost-effective delivery of goods and services to other state programs.

### **Statutory History**

The Director of Administration is authorized by R.I.G.L. 35-5 to establish a system of rotary or rotating funds in any state department or agency.
