OFFICE OF THE POSTSECONDARY COMMISSIONER

Agency Mission

The mission of the Office of the Postsecondary Commissioner (OPC) is to support the work of the Board of Education and the Council on Postsecondary Education in providing an excellent, accessible, and affordable system of higher education designed to improve the overall educational attainment of the citizens of Rhode Island, support economic development, and enrich the civic, social, and cultural life of all living in the state of Rhode Island.

Agency Description

The Office serves as the definitive resource for information on and the interpretation of Council policy for public higher education and the postsecondary institutions in Rhode Island that are under the authority of the Council on Postsecondary Education (Rhode Island College and the Community College of Rhode Island). The Office looks for shared opportunities to advance the objectives of postsecondary education with the public and independent institutions.

The Commissioner of Postsecondary Education is the state's higher education executive officer. In fulfilling this role, the Commissioner for Postsecondary Education works closely with the presidents of the state higher education institutions to determine the benefits or disadvantages of proposed new programs, departments, division, courses of study within the scope and role adopted by the Council on Postsecondary Education and in developing tables of organization. The presidents also prepare and submit budgets to the Council on Postsecondary Education and the Board of Education for approval and are responsible for the general management of property.

To accomplish these and additional responsibilities called for in Title 16 of the General Laws, the Office of the Postsecondary Commissioner relies on the collegial relations and civil discussions among the members of the postsecondary community and with important stakeholders from business, government, and PK-12 education.

Statutory History

R.I. General Laws §16-59 of the General Laws establishes the Council on Postsecondary Education and the Office of the Postsecondary Commissioner.

Figures are sourced from the Lumina Stronger Nation report, then weighted by US Census American Community Survey data, with a two-year data lag (i.e., 2018 figures are based on 2016 data). [Notes: The 2019 target has been revised. Missing values appear as zeros in the measure.]

Average Student Loan Debt of Graduates from Rhode Island Public Institutions

The figures below represent the average amount of debt from student loans for graduates of the state's public institutions (URI, RIC, CCRI). Averages from URI and RIC are reported yearly by the Institute for College Access and Success (TICAS), and the CCRI data is derived from institutional reporting. [Notes: Actual and target figures have been revised to factor in those graduating without student loan debt. Previously, average student loan debt included only those graduates with debt, and therefore did not reflect cases in which students graduated without debt as a result of scholarship and grant awards, family contributions, or personal contributions from employment. Historical targets are not available due to the revision. Missing values appear as zeros in the measure.]

OPC -- Graduates in High-demand, High-wage Fields

The figures below represent the total number of graduates per year from the three public institutions in high-demand, high-wage fields. For the purposes of institutional performance funding, "high-demand, high-wage" fields are identified based on labor market projections for occupations associated with each field in terms of job growth (more than 50 openings) and median wages (more than \$40,000 per year). [Notes: This measure has been revised to be consistent with institutional performance funding metrics. Actual and target figures have been revised, and historical targets are not available. Missing values appear as zeros in the measure.]
