As part of this process, we are requesting that each quasi-public corporation provide our office with revenue and expenditure data for FY 2020 actual, FY 2021 actual, FY 2022 current budget or projections, and the FY 2023 proposed budget. Historical revenue and expenditure data provided should match the "Statement of Revenues, Expenses and Changes in Net Position" as contained in your annual audit report and the data provided for FY 2022 and FY 2023 should follow the same format.
