The purpose of examinations are to determine financial solvency and compliance with Rhode Island banking laws and regulations for the protection of depositors and the public. The Division reviews and conducts hearings on applications filed by financial institutions and other licensees. The Division enforces statutes relating to maximum interest charges and state usury laws and conducts administrative hearings when required. Surplus as a Percent of Revenue (SAPOR) is the industry standard measure of health insurer financial stability. The Office of the Health Insurance Commissioner (OHIC) tracks SAPOR in support of its legislative mandate to monitor insurer solvency. The figures below represent the straight average (unweighted by membership) of insurer SAPOR. Because SAPOR targets vary by insurance company, the targets below are averages for companies operating in the Rhode Island market.

Division of Building, Design and Fire Professionals

Mission

To increase the efficiency and effectiveness of occupational licensing programs and inspections in order to safeguard the health, safety, and welfare of the general public.

Description

The Building, Design and Fire Professionals division's purpose is to streamline the state review, regulation, and enforcement for all professions related to building and construction design, inspection, and enforcement of the building and fire codes. The Division is comprised of the Office of the State Fire Marshal (OSFM), the Fire Safety Code Board of Appeal and Review (FSCBAR), the State Building Office (SBO), which includes the Building Code Commission (BCC), the Contractors' Registration and Licensing Board (CRLB), the Boards of Registration for Professional Engineers and Professional Land Surveyors, the Board of Examination and Registration of Architects, and the Board of Examiners of Landscape Architects.

The OSFM has four units: investigations, inspections, plan review, and the Rhode Island State Bomb Squad (Squad). The investigations unit is responsible for conducting fire investigations where arson is suspected, and/or an injury or death has occurred. The Squad is responsible for responding to, mitigating, and investigating all incidents involving explosive materials. The Squad also provides tactical assistance to Federal, State, and local law enforcement entities. The inspections & plan review units work collaboratively and are responsible for reviewing construction plans, issuing building permits and inspecting new and remodeled structures relating to fire safety.

The FSCBAR is charged with the development and administrative review of a comprehensive fire safety code covering the State. Furthermore, the FSCBAR evaluates the proposed use of new fire-related technologies and provides the OSFM, other state agencies and all municipal fire departments with legal, regulatory and technical information.

The SBO is comprised of the BCC which establishes the minimum requirements necessary to protect public health, safety and welfare in the built environment by promulgating model building codes, and conducts plan reviews, inspects and issues building permits on all state-owned buildings; the CRLB which is tasked with the registration and regulation of all contractors, and the licensing and regulation of eight professions in the construction industry, taking administrative action against persons who violate applicable laws and regulations and providing consumer protection through a dispute resolution process; and the Engineers, Land Surveyors, Landscape Architects and Architects Boards for which the Division is responsible for enforcing the laws and regulations applicable to each of those professions.

Office of Cannabis Regulation

Mission

The Office of Cannabis Regulation (OCR) is charged with regulating medical marijuana, and industrial hemp in with a focus on public health, public safety, and sound market principles. OCR is also leading the transition to adult-use marijuana sales and production and is the lead regulator of this market during the transition to a consolidated regulatory structure under the to-be-formed Cannabis Control Commission.

Description

OCR has oversight over legal cannabis in the state, which is comprised of three elements: adult use marijuana, medical marijuana, and industrial hemp. The Rhode Island Cannabis Act (2022 P.L. Ch. 031 & 032) legalized marijuana possession and sales for adult use with retail sales beginning December 1, 2022 under OCR's purview. Notably, the Act also introduced a new, consolidated regulatory structure under the yet-to-be formed Cannabis Control Commission that will eventually assume full responsibility for regulation of Rhode Island's cannabis market; in the interim, OCR continues its current role as the lead regulator in this space. The FY 2017 enacted budget moved regulation of the commercial aspects of the state's medical marijuana program from the Department of Health to the Department of Business Regulation. This includes overseeing the state's medical marijuana dispensaries (known as compassion centers); medical marijuana cultivators; caregivers who can grow marijuana on behalf of patients; and patients who choose to grow for themselves. The 2016 General Assembly passed the Hemp Growth Act, which established DBR as the regulator of hemp growers and handlers. As the regulator of adult use marijuana, OCR is tasked with licensing marijuana cultivators, processors, and retailers. OCR processes license application, conducts inspections, and undertakes enforcement actions when needed. OCR works alongside the Division of Taxation to ensure proper collection of marijuana excise and sales taxes, and to license and collect tax from entities selling cannabidiol (CBD) products derived from industrial hemp. OCR aids local and state law enforcement in the proper enforcement of the state's cannabis laws. OCR also helps the Department of Public Health and the Department of Behavioral Healthcare, Developmental Disabilities and Hospitals to address the prevention, treatment, and public health aspects of a legal cannabis market.

Statutory History

R.I. General Laws § 21-28.11 establishes The Office of Cannabis Regulation. RIGL § 21-28.6 establishes DBR's role as the regulator of the commercial medical marijuana market. RIGL § 2-26 gives DBR oversight over industrial hemp. RIGL § 21-28.11, known as the Rhode Island Cannabis Act, establishes a legal and regulatory structure for adult use cannabis in Rhode Island and situates the OCR as the lead regulatory entity during the transition to consolidated governance under the future Cannabis Control Commission.
