“The decisions we make this year have the potential to bolster Rhode Island’s economic comeback and propel our state into the next decade with strength.”

- Governor Daniel J. McKee
Funding Sources

The State must responsibly marshal the following resources to meet the immediate needs of the pandemic and make sustainable investments in a long-term recovery that creates a government that works for all:

- **$1.13 billion** in the State Fiscal Recovery Fund to replace lost public sector revenue, respond to the negative impacts of the pandemic, bolster the public health response, and invest in infrastructure/broadband.

- **$112.3 million** in the Capital Projects Fund.

- **$618.4 million** in a projected surplus FY 2022 that has been targeted for one-time investments.
State Fiscal Recovery Fund
Rhode Island Rebounds

The American Rescue Plan Act provided the State $1.13 billion to fight the pandemic; support families and businesses; maintain vital public services; and build a strong, resilient, and equitable recovery

On January 4, 2022, Governor McKee signed into law RI Rebounds, a down payment that is approximately 10% of Rhode Island’s State Fiscal Recovery Fund on the following:

• $45.0 million to assist small businesses impacted by the pandemic, including the hard-hit tourism, hospitality and events industries
• $44.5 million for children, families, and social supports
• $29.5 million to promote affordable housing, housing supports, and broadband
State Fiscal Recovery Fund: $1.13B

Selection of SFRF projects was driven by a public engagement process

The Governor’s SFRF recommendations meet the following criteria:

- Consistent with priorities in Rhode Island 2030, meeting the U.S. Treasury recommendation that projects be identified through a public input process
- Compliant with U.S. Treasury guidance for allowable uses
- Time limited (obligated by December 2024 and spent by December 2026) and do not lead to outyear budget obligations
The full $1.13 billion must be obligated on or before December 31, 2024, for projects that are completed on or before December 31, 2026. The Governor proposes investing across these sectors through FY 2027.

Housing

The Governor calls for the largest share of State Fiscal Recovery Fund funding, a quarter of a billion dollars, to be invested in housing and homelessness assistance

- Invests $90M in project financing to create and preserve about 1,500 units for households earning up to 80% of AMI
- Establishes a $25M grant program to acquire properties to be redeveloped into affordable housing
- Uses $20M to support workforce housing and $10M to increase developers’ ability to get projects under way
- Allocates $50M to provide $17,500 in down payment assistance to households
- Assists individuals and households experiencing homelessness or housing instability by providing $26.5M in enhanced infrastructure and supports
Six-Year SFRF Spending Plan

FY 2022: $178.5
FY 2023: $430.9
FY 2024: $278.6
FY 2025: $167.7
FY 2026: $43.1
FY 2027: $15.3

Embargoed until 4 p.m. January 20
Capital Projects Fund

Except for broadband investments, projects using the $112.3M allocation must promote education, workforce development, and health monitoring. The Governor’s proposal includes the following projects:

- **Municipal Matching Grant Program ($46.7M)** – Matching funds for cities and towns to renovate or build a community wellness center.

- **Rhode Island College Student Services Center ($35M)** – A centralized hub where students can complete essential tasks to provide a more convenient experience.

- **Last-Mile Broadband Grants ($25M)** – Provides state matching funds for broadband infrastructure projects to municipalities, public housing authorities, business cooperatives, and local internet service providers for last-mile projects.

Administrative costs account for $5.6M of the fund.
One-Time Surplus Investments
FY 2022 Projected Surplus: $618.4M

What created this surplus?

- Strong revenue collections
- Lower expenditures
- Enhanced Medicaid reimbursements

What criteria were used in selecting items for surplus spending?

- Address underinvestment in operations and righting past wrongs
- One-time items that do not result in future obligations
- Improve long-term budget outlook by lowering operating costs, avoiding expected cost growth, and/or pre-funding anticipated costs
Strong revenue performance, federal support, and constrained spending drive a $618.4M surplus in Budget Office Q1 Report.
Proposed Surplus Investments

- Transfer $210M+ to the Rhode Island Capital Projects Fund that, coupled with existing RICAP funding will allow for a new Zambarano medical hospital ($108.2M); utility and infrastructure improvements at the Pastore Campus ($120.8M); and state-run group home improvements ($13.1M)

- Transfer $50M to the Information Technology Investment Fund to replace DLT’s mainframe and provide an electronic medical records system for Eleanor Slater

- Allocate $100M in State match for federal transportation projects for two years, unlocking $400M in federal funding

- Provide $21.9M in State match for federal clean and drinking water programs for two years

- Pay off 1991/1992 pension deferral obligations ($62M), resulting in annual savings to the State of at least $6M for more than a decade
The Governor is committed to continuing the transformation of the ESH system to ensure that Rhode Islanders receive the most appropriate level of care

- Creates a 100-bed integrated medical facility at the Zambarano Campus using $108.2M in RICAP funding
- Invests in existing infrastructure at both Zambarano Campus and Pastore Campus to provide excellent care until the new facility opens
  - $14.3M in mechanical upgrades at Zambarano Campus, and $3.2M to develop the Beazley Building’s ventilator unit
  - $19.7M in existing debt proceeds to address safety issues at the Regan Building on the Pastore Campus
- Creates the new Rhode Island Psychiatric Hospital, which will be almost entirely offset by a reduction in the ESH budget
Ballot Initiatives: $350M

K-12 School Construction: $250M
• Direct Funding for School Construction Projects – $200M
• School Building Authority Capital Fund – $50M

Higher Education: $62M
• URI Narragansett Bay Campus Improvements – $50M
• CCRI Academic Enhancements – $12M

Green Economy: $38M
• Municipal Resiliency Matching Grants – $16M
• Small Business Green Energy Loan Program – $5M
• Brownfields Remediation and Development – $4M
• Narragansett Bay and Watershed Restoration – $3M
• Forest Conservation – $3M
• State Open Space Land Acquisition Program – $3M
• Local Open Space Land Acquisition Program – $2M
• Local Recreation Grant Program – $2M

Embargoed until 4 p.m. January 20
Operating Budget Proposals
Small Business Package

The Governor recommends the following initiatives to improve conditions for small businesses:

- Reduces the corporate minimum tax to $375, which will benefit about 65,000 entities
- Creates a taxpayer steward position within the Division of Taxation
- Allows cities and towns to provide a local tax exemption for tangible property taxes on business assets
- Reduces the interest rate for late payments on personal and corporate income taxes, bringing Rhode Island in line with its neighbors
- Eliminates the sunset provision on the sale of liquor to-go, allowing restaurants and brewpubs to permanently sell alcoholic beverages with take-out orders
- Allows individuals to use home kitchens to make baked goods for retail sale (annual sales capped at $25,000) – an activity that currently requires the use of a commercial kitchen
- Expands the types of entities eligible for the Small Business Development Fund, provides discretion for tax credit awards, and expands the types of taxes against which the tax credits are allowed
- Exempts from sales tax the trade-in value of motorcycles
The 2021 Act on Climate instructs the State to develop a plan to reduce all climate emissions to net-zero by 2050. The FY 2023 budget proposal takes key steps toward that goal:

- Establishes an annual, dedicated funding source of $6M to be used for any program or investment (e.g., energy efficiency, renewable energy, clean transportation, clean heating, energy storage, etc.) that supports the reduction of greenhouse gases.
- Allows for the administration and implementation of statewide energy efficiency programs funded with this source.
- Creates three positions in the Office of Energy Resources and one in the Department of Environmental Management to support state efforts to address and mitigate climate change.
Local & Education Aid

- Fully funds the **car tax phase-out** – $166.6 million in relief with no revenue loss to cities and towns

- Fully funds the **education aid funding formula** and ensures that school districts do not receive a reduction in aid compared to FY 2022 regardless of enrollment shifts
Other Items

Military Pension Taxation Phase-out
Phases out the taxation of military service pensions over five years

Postpartum Medicaid Extension and Cover All Kids
Extends Medicaid coverage to women from 60 days postpartum to 12 months regardless of immigration status as well as children who would otherwise be eligible except for their immigration status

Wavemaker Fellowship
Expands participation to about 100 health care professionals who will receive a two-year fellowship ($4,000 per year)

Local Agricultural and Seafood Act Grants
Increases allocation to the program by $150,000

Adult-use Marijuana
Allows for controlled, phased-in introduction of retail licenses, results in minimal net revenue in FY 2023
