TO: Chief Financial Officers

FROM: Rosemary Booth Gallogly *R. Booth Gallogly*
Executive Director/Budget Officer

DATE: June 21, 2007

SUBJECT: FY 2007 Supplemental Appropriations

Effective today, the Budget Office has requested that the Controller's Office enter into the RI-FANS accounting system the Supplemental Appropriations as approved by the General Assembly and transmitted to the Governor on June 19, 2007. The Governor vetoed the budget today, so it is not currently law. Unless there are changes, this will be the budget against which your agencies will be controlled as we close out fiscal year 2007. This budget, entitled "FY07 Enact R1" in RI-FANS, is the active budget as of today.

Reports will be updated to use this budget as the default, but you should make sure this is the budget chosen in all reports you run just to be sure you are getting the most recent budget information.

All authorized budget red balances were eliminate when the supplemental budget was uploaded. If there are any additional needs for the Budget Officer to authorize red balances, there must be a request by the agency Director to the Budget Officer explaining why the need is occurring.

If you have questions, please contact your assigned Budget Analyst.
